

**Before the
FEDERAL COMMUNICATIONS COMMISSION
Washington, D.C. 20554**

)	
In the Matter of)	
ESCHELON TELECOM, INC.)	
Transferor,)	
INTEGRA TELECOM HOLDINGS, INC.)	
Transferee,	}	WC Docket No. 07-75
)	
Joint Application for Consent to a Transfer)	
Pursuant to Section 214 of the Communications)	
Act of 1934, as Amended)	

**SUPPLEMENT TO DOMESTIC APPLICATION
FOR STREAMLINED CONSENT TO TRANSFER CONTROL**

This supplement is submitted to provide additional information in connection with the above-referenced applications. Specifically, regarding the reported owners of transferee Integra Telecom Holdings, Inc. ("Integra"), the following information is set forth with respect to attributable ownership interests in other domestic telecommunications companies:

Banc of America Capital Investors, L.P., which as reported in the above-referenced application holds an approximate 18.6% interest in Integra, currently holds an approximate 16% interest in WestCom Holding Corp. ("WestCom"). WestCom is a private, global telecommunications company providing managed voice and data solutions and services to the financial trading community. However, on March 28, 2007,

WestCom announced that it had entered into a definitive agreement to be acquired by IPC Systems, Inc. According to WestCom's website (www.westcom.com), the transaction is expected to close approximately 90 days from the announcement, pending necessary approvals. Once this transaction is consummated, Banc of America Capital Investors, L.P. will no longer have an ownership interest in WestCom.

As to the other reported owners of Integra and Eschelon Telecom, Inc. ("ETI"), these owners have been surveyed and indicate they do not have reportable ownership interests in other domestic telecommunications companies.

In addition, the applicants further state that this Application is eligible for streamlined processing pursuant to Section 63.03(b)(2)(i)-(ii) of the Commission's Rules. After the proposed transaction, Integra and its affiliates, combined, will have less than 10 percent market share in the interstate, interexchange marketplace and will provide competitive telephone exchange services or exchange access service exclusively in geographic areas served by dominant local carriers that are not parties to the transaction, with the following exception: the Applicants are non-dominant in all markets except a few exchanges in Minnesota where Integra's ILEC affiliate, Scott-Rice Telephone Co. ("SRTC"), provides service. ETI's subsidiaries do not provide service in SRTC's territory. Thus, the Applicants are both non-dominant in all markets except those markets in Minnesota served by SRTC, and in SRTC's territory, the Applicants are a dominant carrier and a non-dominant carrier that provides services exclusively outside the geographic area where the dominant carrier is dominant. See 47 C.F.R. § 63.03(b)(2)(i)-(ii).

Should the Commission have any questions concerning the foregoing, kindly contact the undersigned counsel.

Respectfully submitted

on behalf of Eschelon Telecom, Inc. and

Integra Telecom Holdings, Inc.
